Istanbul – Konvention

- ❖ council of europe convention on preventing and combating violence against women and domestic violence
- ❖ Coming into effect 01 february 2018
- ❖ Article 23 – Shelters
 - This Article requires Parties to provide adequate and accessible protection shelters in sufficient numbers to fulfil their obligation to protect and assist victims.
 - One family room per 10.000 inhabitants

Supply of places in women's shelter

recommendation according to the istanbul-convention for the county Marburg

Biedenkopf:

24 family rooms ⇨ actually available 10 ⇨ corresponds to a deficit of 14 family rooms

Second Stage: integrated and networked transition design

temporary housing for women and kids

need for protection ↓

need for support ↑

Transition to a non-violent and self-determined life →

- shortening the length of stay in the women's shelter
- Creating space for a woman in an acutely threatening situation

Regional networking – labour market integration – housing procurement
