

„Town Twinnings for Gender Equality“

Building a just future by promoting women*’s cultural visibility and political participation, and by preventing intimate partner violence

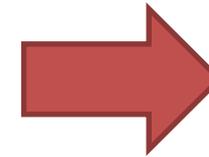

Future lab on 3rd and 4th June 2022

A platform for exchanging ideas and good practice in the field of gender equality on the level of partner cities

Main Topics

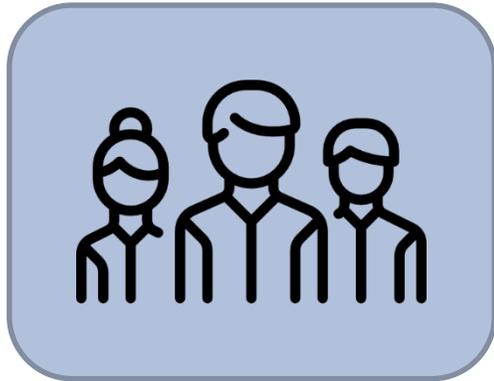

-  Gender equality in the field of culture (focus on music and theatre)
 -  Political representation of women*
 -  Work against gender-based violence (focus on Intimate partner violence)
- Times lots to discuss other topics will be allocated.

After the future lab, every city implements its own project on site.

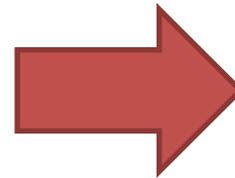

Future lab – Exchange on good practice with representatives from partner cities

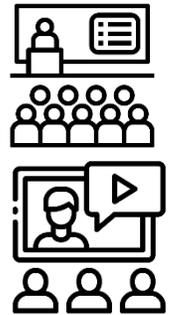

These representatives include:

- Members of the city administration
- Political representatives
- Members of NGOs
- An interested public

Hybrid format:
Participation will be possible both in person and via internet

How to take part in this project

- ✓ Bring your **own ideas and best practices** on the main topics to the conference, for mutual exchange and discussions
- ✓ Make **contact to professionals and specialists in your city** in order to include them within **your delegation**
- ✓ Recommend professionals, initiatives or institutions **as a speaker**
- ✓ It is also our goal for each city to bring **one specific project idea** back to their home city, where it can then **be implemented**

Gender equality in the field of culture

Presentation of initiatives and concepts that are committed to more gender equality in the cultural sector

Focus: Rock/Pop music and theatre

Initiatives and concepts from other areas are welcome, too.

Promoting womens* cultural visibility by:

- Bringing together different players (e. g. female artists, cultural institutions and associations) of the cultural sector from the partner cities
- Networking and exchanging information about existing projects and ideas

Work against gender-based violence

Exchange information and knowledge about preventative actions against gender-based violence with a particular focus on work against intimate partner violence

Preventing intimate partner violence by:

- Bringing together experts and organizations
- Networking and exchanging information about existing projects and best practices ideas on work against gender-based violence

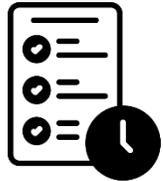

Political representation of women*

Exchange ideas about the possibilities and conditions for the political representation of women* in an international comparison

Promoting womens* political participation by:

- Bringing together experts, female politicians and civically involved women*
- Networking and exchanging information about existing projects and ideas to promote women*'s political participation
- For example: The department of gender equality of Marburg will introduce its mentoring programme for emerging female politicians

Rough Schedule
